

SENDING A POSTCARD

When you are on holiday, it's always nice to send a postcard to your loved ones about the things you have done even though you are only away for one day, send a postcard to whoever is at home or even to yourself and stick it onto this page.

You don't have to buy a postcard, you can easily take some card away with you and draw a picture to decorate it.

When your postcard arrives
staple the corner of it into this space,
so you can see both sides of it.

The stamp cost:

It took days to arrive
